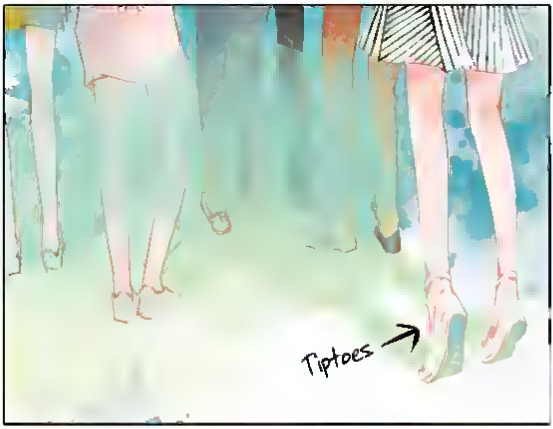
We're having a sketch lesson today! What colors are you using, Yi Nuan~?
Huh?
C'mon, hurry up! The teacher's already started sketching an example picture!

We'd better go over now, or else we'll have to squeeze for a good spot!
Is there no lecture?



Tiptoes

I can't see anything at all...

Forget it . I can't see anything at all
I guess I'll go try something on my own first!

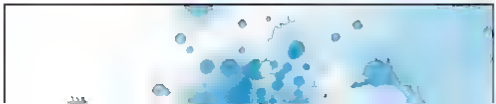
CHAPTER 10
TEACHER

I'm trying to paint some cabbage, but I can't seem to get it right at all... It doesn't look the least bit appetizing...

We're doing sketches today. Why are you using watercolors?
Hmm?

Huh?



Wh... What are you doing here?

I'm the one holding the sketch lesson.

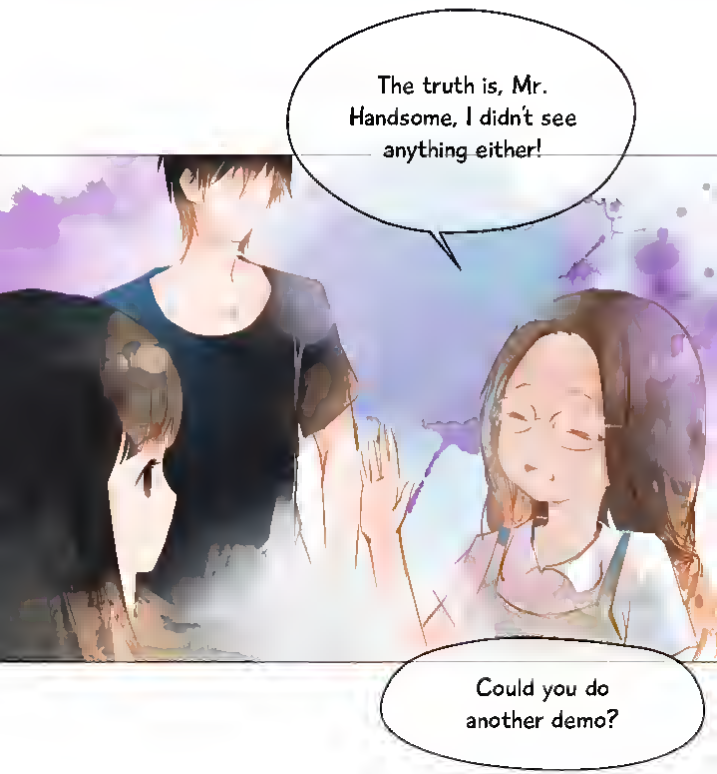
So... What are you doing, using watercolors?

Weren't you watching my demo just now?

So he's the teacher...

I... I've never sketched anything before, so I don't even know where to start...

And there were too many people, so I couldn't see..
Your class has problems.
Hmm?



The truth is, Mr. Handsome, I didn't see anything either!
Could you do another demo?

Sure.
But this time, you twe better be watching closely.

He's actually really good at drawing...

You're still not done drawing? No wonder you always get back so late...
You're so slow...

Ah? You haven't left yet, teacher?

After class, you change from a "student" to a "customer," so don't call me "teacher."
Ling Yao called to tell me to bring you over, since we're going to discuss the renovation over dinner.

You could have told me earlier!
So embarrassing
I'm not really used to interrupting other people while they're working.
But I couldn't wait anymore, at the rate you're working. Let's get going!

How are we getting there?

I'll take you over on my bike.

But...
Where do I sit?

Of all days to choose a bike without a back seat, it had to be today...

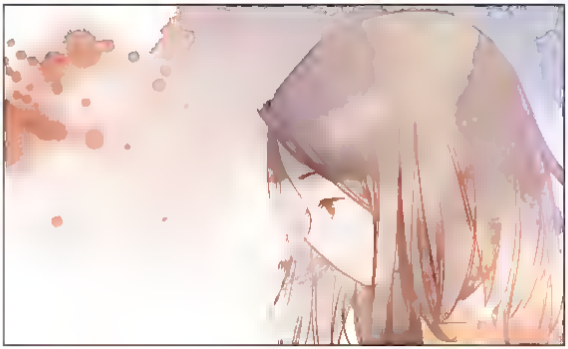
We'll walk then.
It's not far.
Okay.

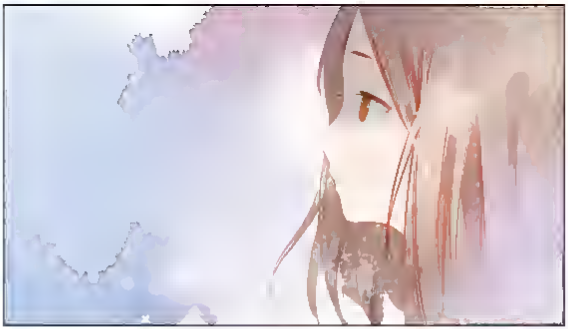
Excuse me, customers, but you've reserved this private room for more than a half an hour already, but you haven't ordered anything
Right now, we're at the height of the dinner rush. Would you like to wait in the lobby instead?
Sorry, sorry!
We'll order right now!

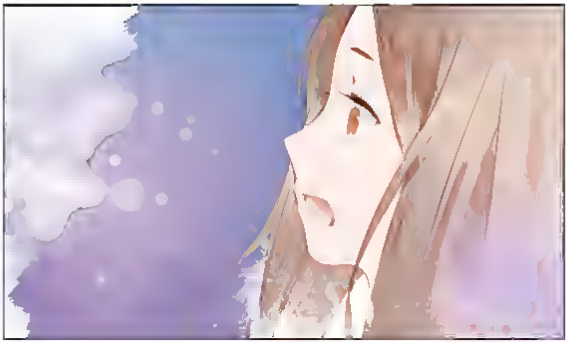
Didn't you say they left already?
Yeah! It shouldn't take them more than a couple minutes by bike!
Why aren't they here yet~? I'm tired and hungry!

I'll go outside and have a look.

What are they doing?
Geez... Did we get stood up?







To be continued...
